SWADESH MANTRA- Swami Vivekananda

O India ! With this mere echoing of others, with this base imitation of others, with this dependence on others, this slavish weakness, this vile detestable cruelty -- wouldst thou, with these provisions only, scale the highest pinnacle of civilisation and greatness? Wouldst thou attain, by means of thy disgraceful cowardice, that freedom deserved only by the brave and the heroic?

O India ! Forget not that the ideal of thy womanhood is Sita, Savitri, Damayanti; forget not that the God thou worshippest is the great Ascetic of ascetics, the all-renouncing Shankara, the Lord of Uma; forget not that thy marriage, thy wealth, thy life are not for sense-pleasure, are not for thy individual personal happiness; forget not that thou art born as a sacrifice to the Mother's altar; forget not that thy social order is but the reflex of the Infinite Universal Motherhood; forget not that the lower classes, the ignorant, the poor, the illiterate, the cobbler, the sweeper, are thy flesh and blood, thy brothers.

Thou brave one, be bold, take courage, be proud that thou art an Indian, and proudly proclaim, "I am an Indian, every Indian is my brother." Say, "The ignorant Indian, the poor and destitute Indian, the Brahmin Indian, the Pariah Indian, is my brother."

Thou, too, clad with but a rag round thy loins proudly proclaim at the top of thy voice: "The Indian is my brother, the Indian is my life, India 's gods and goddesses are my God. India 's society is the cradle of my infancy, the pleasure-garden of my youth, the sacred heaven, the Varanasi of my old age."

Say, brother; "The soil of India is my highest heaven, the good of India is my good," and repeat and pray day and night, "O Thou Lord of Gauri, O Thou Mother of the Universe, vouchsafe manliness unto me! O Thou Mother of Strength, take away my weakness, take away my unmanliness, and make me a Man!"

ETCE DEPT. PROJECT

AUTOMATIC HAND SANITIZER

In this project we propose a novel design of touch-less sanitizer machine to reduce the risk due to contact. The system can sense the proximity with the help of ultrasonic sensor and sends signal to microcontroller. The controller processes the sensor data & actuates the pump and solenoid valve. The sanitizer liquid dispenses through mist nozzle.

LINE FOLLOWER ROBOT

The Line Follower Robot is a basic robot that follows a specific path indicated by a line (usually a black line on a light coloured surface) having some particular width. This circuit mainly consists of 8051 microcontroller, two IR sensors, motors and motor driver IC (embedded in a module).

CST DEPT. PROJECT

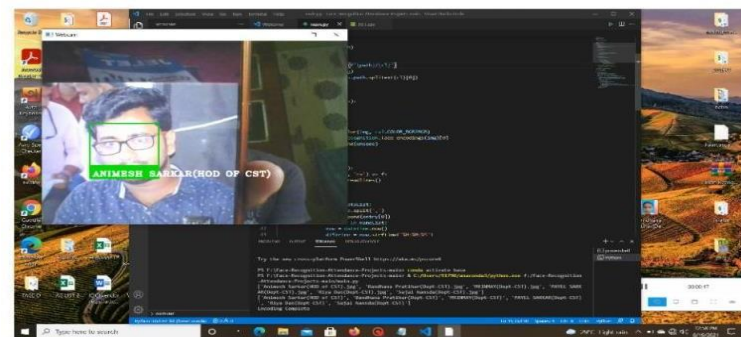

THE COLOR DETECTION

A color detection algorithm identifies pixels in an image that match a specified color or color range. The color of detected pixels can then be changed to distinguish them from the rest of the image.

FACE DETECTION TECHNOLOGY

A facial recognition system uses biometrics to map facial features from a photograph or video. It compares the information with a database of known faces to find a match. Facial recognition can help verify a person's identity, but it also raises privacy issues.

MECHANICAL ENGINEERING DEPT. PROJECT

WHEEL SPRAY PUMP

Sprayers are fully integrated, mechanical systems and they are composed of various parts and components that work together to achieve the desired effect. A Wheel spray pumps are great tools for quickly and efficiently spraying fertilizers, herbicides, or pesticides on crops and plants.

HYDRAULIC PRESS

The hydraulic press works by pressing a small amount of force onto the Plunger which presses the working substance. It is easily transportable, commonly used for forging, clinching, moulding, blanking, punching, deep drawing, and metal forming operations.

HAND OPERATED EARTH EXCAVATOR

It is an earthmoving equipment which is basically light duty hand operated excavator used for moderate range of earthworks including laying foundations, grading soil, removing dirt and rocks, digging trenches, drainage etc.

3 WHEEL STAIR CLIMBING TROLLEY

Stair climbing trolleys are specially designed for moving loads up and down stairs. In effect, each wheel is an independent wheel and at a time two wheels are in operating condition. Three wheels combine together to form a larger wheel that assists to move heavy objects on stairs.

LIFTING BRIDGE

Lift bridges use a system of counterweights and cables to move an interior lift span section that remains horizontal as it is raised up and down like an elevator, allowing river traffic to pass beneath the structure. Throughout its upward swing to provide clearance for boat traffic.

CIVIL ENGINEERING DEPT. PROJECT

CABLE SUSPENSION BRIDGE

A cable suspension bridge has one or more tower from which cable support the bridge deck. Vidyasagar Setu in Kolkata is one of the example of cable suspension bridge

WEIR & BARRAGE

Weir:- An impervious barrier which constructed across a river to raise the water level on the upstream side.

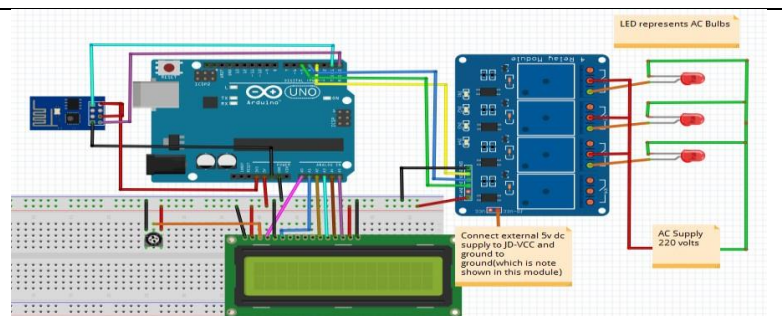

Barrage:- it involve adjustable gates installed over dam to maintain the water surface at different level at different time. The water level is adjusted by opening the valve or gate Durgapur barrage is one of the example of barrage.

The Principal points out that under the pretext of 'welcoming' new students to the college, ragging is a practice that gives senior students an excuse to harass their junior counterparts and make them easy targets to satiate their own pleasures. The students of BPIE College are here by warned that they shall not indulge in "RAGGING". If they are found guilty of ragging they are liable for the punishments.

The students are hereby advised that they need not hesitate to report to any Member of the Anti-Ragging Committee or Squad any grievances arising due to any kind of misbehavior by a senior student. It is assured that once such an incident is established, severe action will be taken by the authorities against those responsible. All steps are being taken to restrain the seniors from resorting to any acts which may be construed as ragging so that the juniors can move freely in the College campus. Students may feel free to contact any authority of this Polytechnic College in case of any grievance or threat of ragging.

The committee is institutionalized to hear complaints and grievances in relation to incidents of Ragging. Along with that, it is constituted to inquire into the grievance and make recommendations towards the complaints brought in front of it.

The Principal thereafter mentions the actions to be taken against students for indulging and abetting in Ragging in technical institutions:-

1. The punishment to be meted out to the persons indulged in ragging has to be exemplary and justifiably harsh to act as a deterrent against recurrence of such incidents. The students who are found to be indulged in ragging should be debarred from taking admission in any technical institution in India.

2. Every single incident of ragging a First Information Report (FIR) must be filed without exception by the institutional authorities with the local police authorities.

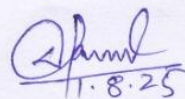

3. Depending upon the nature and gravity of the offence as established by the Anti-Ragging Committee of the institution, the possible punishments for those found guilty of ragging at the institution level shall be any one or any combination of the following.

(i) Cancellation of admission (ii) Suspension from attending classes (iii) Withholding/withdrawing scholarship/fellowship and other benefits (iv) Debarring from appearing in any test/examination or other evaluation process (v) Withholding results (vi) Debarring from representing the institution in any regional, national or international meet, tournament, youth festival, etc. (vii) Suspension/expulsion from the hostel (viii) Rustication from the institution for period ranging from 1 to 4 semesters.

The Meeting ends with a vote of thanks to the chair.

*Such attendance will be calculated from the date of commencement of classes or the date of admission, whichever is later.

2. **Students must pass the College Internal Examinations for being sent up for Examination conducted by WBSCT&VE&SD.**
3. Any student **absent in any Internal Examination on medical grounds** must submit before the end of the examination or within three days of this completion a Medical Certificate and a letter to the Principal from the Guardian stating the ground for his/her absence. Such may be considered with sympathy, but it must be understood that **illness innot in itself a valid excuse.**

Sending up, in such cases, will not be granted unless the student's record is very good.

4. Students must wear and display visibly their Identity Cards during College hours inside the campus. In case of lost of Identity Card, a duplicate can be obtained only with the permission of the Principal on payment of a fine.

5. A student failing to clear the fees within the notified date will have to secure re-admission on payment of full fees again with the prior approval of the Principal.
6. Students are expected to treat the member of the staff and their fellow students with courtesy both in and out of the college. There must be no disorderly or offensive conduct at any time.
7. Student must be in their classes and take their seats at the beginning of each period. They must not enter or leave the class room without permission.
8. College property, furniture, library books, etc. must be treated with due care.
9. Rules for the conduct of examinations must be strictly observed.
10. Impersonation at roll-call is a punishable offence.
11. Students are required to check the notice board for important announcement.
12. Students are expected to be formally and decently dressed while in a college.
13. Smoking, chewing tobacco products, playing cards, spitting and loitering are strictly prohibited inside the college & hostel campus and shall invite severe punishment/ disciplinary action.
14. **Anti-ragging Rules:**
 - ❖ We are guided by Supreme Court and AICTE advocated guidelines for curbing the menace of ragging in higher education institutions (regulation 2013). Students are required to adhere to the anti-ragging rules that are in force in the campus.
 - ❖ Indulging in or abetment of ragging is a punishable offence and may lead to expulsion from the college.
 - ❖ The college has an anti-ragging committee and an Anti-ragging squad for taking necessary action against ragging.

15.The following acts and conduct on the part of the students will amount to misconduct :

- i) Misbehaviour towards teachers or any other employee of the Technical Institute.
- ii) Intentional disturbance of classes.
- iii) Absent from classes without the permission of the H.O.D. /Principal.
